DOOSAN Genuine Parts

PROTECTION PLUS

Doosan Protection Plus is a program of the extended warranty developed especially for Doosan machine.

FEATURES & BENEFITS

- Up to 5 years and 10,000 hours of warranty coverage
- Transparent costs for maintenance and repair of Doosan machine
- A warranty coverage including parts, labour and travel costs

For registering a Protection Plus plan, there must be a maintenance contract between the dealer and the customer. At the time of the registration, dealer must have attached a pdf of a valid maintenance contract to the online Delivery Report (DR) in the warranty system. The coverage of the maintenance contract should not be less than the coverage of the ordered extended warranty plan.
